

SARAH PANNELL
NEW HARVEST

Missing Persons presents a solo exhibition of photographs by Melbourne artist Sarah Pannell. New Harvest is a selection of works dating from 2018 and 2019.

Sarah Pannell's images draw together evidence of human trails, traced by the artist as she travels between Ukraine, Turkey, Poland, Estonia and Egypt. From the imprint of a beach resort in the coastal city of Odessa, to a barbed fence line from a communist-era prison in Tallinn, Estonia, Pannell captures scenes that are rich with colour, texture, and cultural and political history.

This body of work engages with the possibilities of surrealism and abstraction in image making, invoking a subjective experience of place and time.
